Do You Have To File Form 2210?

Complete lines 1 through 7 below. Is line 7 less than $1,000?
- Yes → **Do not file Form 2210.** You do not owe a penalty.
- No → Complete lines 8 and 9 below. Is line 9 equal to or more than line 9?
  - Yes → You do not owe a penalty. **Do not file Form 2210** (but if box **2** in Part II applies, you must file page 1 of Form 2210).
  - No → You may owe a penalty. Does any box in Part II below apply?
    - Yes → You must file Form 2210. Does box **B**, **C**, or **E** in Part II apply?
      - No → **Do not file Form 2210.** You are not required to figure your penalty because the IRS will figure it and send you a bill for any unpaid amount. If you want to figure it, you may use Part III or Part IV as a worksheet and enter your penalty on your tax return, but **do not file Form 2210.**
      - Yes → You must figure your penalty
    - No → You are not required to figure your penalty because the IRS will figure it and send you a bill for any unpaid amount. If you want to figure it, you may use Part III or Part IV as a worksheet and enter your penalty on your tax return, but **file only page 1 of Form 2210.**

Part I Required Annual Payment

1	Enter your 2008 tax *after* credits from Form 1040, line 56 (see instructions if not filing Form 1040)	1	
2	Other taxes, including self-employment tax (see page 2 of the instructions)	2	
3	Refundable credits. Enter the total of your earned income credit, additional child tax credit, credit for federal tax paid on fuels, health coverage tax credit, refundable credit for prior year minimum tax, first-time homebuyer credit, and recovery rebate credit	3	( )
4	Current year tax. Combine lines 1, 2, and 3. If less than $1,000, you do not owe a penalty. **Do not file Form 2210**	4	
5	Multiply line 4 by 90% (.90)	5	
6	Withholding taxes. Do not include estimated tax payments. (see page 2 of the instructions)	6	
7	Subtract line 6 from line 4. If less than $1,000, you do not owe a penalty. **do not file Form 2210**	7	
8	Maximum required annual payment based on prior year's tax (see page 2 of the instructions)	8	
9	**Required annual payment.** Enter the **smaller** of line 5 or line 8	9	

Next: Is line 9 more than line 6?

- ☐ **No.** You do not owe a penalty. **Do not file Form 2210** below box **6** below applies.
- ☐ **Yes.** You may owe a penalty, but do **not file Form 2210** unless one or more boxes in Part II below applies.
  - ● If box **B**, **C**, or **E** applies, you must figure your penalty and file Form 2210.
  - ● If only box **A** or **D** (or both) applies, file only page 1 of Form 2210. You are not required to figure your penalty; the IRS will figure it and send you a bill for any unpaid amount. If you want to figure your penalty, you may use Part III or IV as a worksheet and enter your penalty on your tax return, but **file only page 1 of Form 2210.**

Part II Reasons for Filing. Check applicable boxes. If none apply, **do not file Form 2210.**

- **A** ☐ You request a **waiver** (see page 2 of the instructions) of your entire penalty. You must check this box and file page 1 of Form 2210 but you are not required to figure your penalty.
- **B** ☐ You request a **waiver** (see page 2 of the instructions) of part of your penalty. You must figure your penalty and waiver amount and file Form 2210.
- **C** ☐ Your income varied during the year and your penalty is reduced or eliminated when figured using the **annualized income installment method.** You must figure the penalty using Schedule AI and file Form 2210.
- **D** ☐ Your penalty is lower when figured by treating the federal income tax withheld from your income as paid on the dates it was actually withheld, instead of in equal amounts on the payment due dates. You must figure your penalty and file Form 2210.
- **E** ☐ You filed or are filing a joint return for either 2007 or 2008, but not for both years, and line 8 above is **smaller** than line 5 above. You must file page 1 of Form 2210, but you are not required to figure your penalty (unless box **B**, **C**, or **E** applies).

Testing Your HP Fax Machine with the HP Fax Test Service

Share

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service. Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below:

NOTE:Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent your from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE:Whenever troubleshooting a fax issue, it is good practice to set the Automatic Reports option to **Every Error** before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxone** (**1-888-473-2963**)
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE:The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also ensure that the fax header contains the full 10 digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

Important Safety Instructions

POWER SUPPLY INSTALLATION

Connect the power supply cord to the power inlet on the CMTS chassis. Plug the power supply into an appropriate electrical outlet.

CAUTION:

Disconnect all the power supply connected with the product, either the power plug or power supply cord or the power supply unit. The equipment is power supply enabled or supply interconnect. It is important that all power supply connected with the product are disconnected before servicing the equipment. Use only power supply cord set (plug, cable, connector) that has been approved for use in your country.

CAUTION (Models with AC Power Supply Only): For use only with a CSA Certified, or UL Listed I.T.E. Power Source or Class 2 power supply, rated 12Vdc.

TELECOMMUNICATION INSTALLATION

When using telephone equipment, basic safety precautions should always be followed to reduce the risk of fire, electric shock and injury to persons, including the following:

- Do not use this product near water, for example, near a bathtub, wash bowl, kitchen sink or laundry tub, in a wet basement or near a swimming pool.
- Avoid using a telephone (other than a cordless type) during an electrical storm. There is a remote risk of electrical shock from lightning.
- Do not use the telephone to report a gas leak in the vicinity of the leak.

SAVE THESE INSTRUCTIONS

Description

Ethernet Interface The ARRIS E6000 chassis has an RJ-11 RJ-45 10/100/1000 Ethernet interface for connecting to the network. The cable connector is an RJ-11 or RJ-45 connector with 8 pins. The Ethernet interface supports the IEEE 802.3 10BaseT, 100BaseTX, and 1000BaseT standards. The Ethernet interface is an RJ-45 connector.

Certification The ARRIS E6000 chassis has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

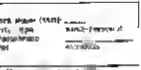
Many of the newer computing devices have wireless capabilities built in. If your computing device has wireless built in, simply enter the WPA2 KEY and ESSID values located on the bottom of the Wireless Gateway into the appropriate fields as directed by your laptop user guide.



If your computing device does not have built in wireless capabilities, you can purchase a 802.11n, 802.11g or 802.11b wireless card. Once you successfully install your 802.11n, 802.11g or 802.11b card, you will need to enter the WPA2 KEY and ESSID values located on the bottom of the Wireless Gateway into the appropriate fields as directed by your wireless adapter software.

Note: The WPA2 key and ESSID must be properly entered in order for your wireless devices to connect to your gateway. The ESSID is the name of your gateway network.

You will be able to connect multiple wireless computing devices to the Internet at the same time.

If you require additional information, please see the user manual.

MFD FCOPY Test Kit

Here's a quick test of functionality to test the FCOPY feature on the MFD's

Create a Test Page in MS Word. Select "Insert" then "Header" and add some header text. Add the largest font size that will fit on a single page. Use this page for outbound fax tests from the near by MFD.

1. Press the FCOPY button on the MFD touch screen. Log into FCOPY with your LAT Domain User ID and password.
2. Run a Scan To Self test and scan the Test Page from Step-1 to your e-mail box.
3. Run a Scan To Mailbox test and scan the Test Page from Step-1 to your user box.
4. Use the Expense feature with the Expense code from Step-1 to Expense mailbox.
5. Send the Test Fax from Step-1 to fax my self at 1-833-330-1239. Please check the Error Log for a fax payment failure. If the test fax was successfully received, I will contact you via the email address on the "Fax my self" page. If you don't hear from me, please check the error log for the fax payment failure and let me know.
6. Use the fax number from a non-landline phone. Listen carefully for a signal, then start the test. If they can't hear it, proceed to Step-7 below. If you get a busy signal, then the fax line may not be working correctly. Please try the test in 10 minutes if the first test failed.
7. Send a test fax to your own number on the MFD being tested. Hit e-mail recipients on the fax screen from especially the fax number. Please call me if I'm still not receiving PC's on the nearby location. Please only try the first 3 numbers on the device.

could find food and travel hundreds of miles. He followed but never joined groups of wild whales. But in under two years he was dead.

Though he died of an infection, I think his aloneness was likely a major factor in his death. In the wild, killer whales always live in families. They help each other hunt and they share food. There is no such thing as a lone killer whale in nature. So we'd want a better way.

But what could a better way be? What would "retirement" look like? I and some others would like to see orcas retired to net pens in natural waters. This would be analogous to retirement sanctuaries for elephants and chimpanzees.

But there are barriers. No one knows whether a group of captives could form family-like bonds sufficient to give them a good chance of free living success. And learning how to succeed is sure to be expensive—just feeding and caring for killer whales is expensive and they can live 80 years.

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

Deductions and Adjustments Worksheet

Note. Use this worksheet only if you plan to itemize deductions, claim certain credits or other adjustments to income.

Enter estimates of your 2018 itemized deductions. These may be slightly lower than your actual 2018 deductions, but not lower than the standard deduction you're entitled to. For example, if you're married filing jointly and will claim the standard deduction, enter at least $24,000 ($12,000 if married filing separately). If you're head of household, enter at least $18,000. For more information on itemized deductions, see Pub. 505, Tax Withholding and Estimated Tax.

1 | $

2 Enter:
- $12,000 if married filing jointly or qualifying widow(er)
- $9,000 if head of household
- $6,000 if single or married filing separately

2 | $

3 **Subtract** line 2 from line 1. If line 2 is more than line 1, enter -0- | 3 | $

4 If you're itemizing, enter your 2018 qualified business income deduction. If you're not itemizing, enter -0- | 4 | $

5 **Add** lines 3 and 4 and enter the total. If you're not itemizing, also enter this amount on the Qualifying Child(ren) of Others and Other Dependents worksheet, line 3b | 5 | $

6 Enter the amount from your 2018 Form 1040, line 43 (taxable income). If zero or less, enter -0- | 6 | $

7 **Subtract** line 6 from line 5. If zero or less, enter -0- | 7 | $

Hello!

This is a sample text file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a quality preview as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmittal result.

This file is a sample MS Word file, many other file types are supported.

If you have any questions regarding Interpage's OutFax(sm) Service, including the fax-unlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315 2750 9AM to 5:30 PM M-F Pacific Time
E-Mail: info-support@interpage.net
Web: http://www.interpage.net

Thank you for your interest!

Notes: 1. Due to the nature of the FreeFax service, it is possible that you may receive more than one attempt per page. In such cases, please disregard the second attempt. You may establish a trial account for as much as you would like to by going to the following web address: *http://www.interpage.net/free-fax-trial.html*, and by providing valid credit card information. You will be billed only for the pages which are successfully transmitted. Please call (510) 315-2750 for additional details.

2. This facility is a solution provided as a courtesy to Interpage's customers and is not intended to be used for the purpose of sending unsolicited faxes. Any such use may result in the termination of your account. If you receive a fax which you believe is unsolicited, please call (510) 315-2750 and we will block that fax number from the FreeFax service.

ADS Record Date:	**March 19, 2018**
Ordinary: ADS ratio	**1 Ordinary Share: 1 ADS**

In accordance with Section 4.8 of the Deposit Agreement between Credit Suisse Group (the "Company") and Deutsche Bank Trust Company Americas as Depositary (the "Depositary"), Credit Suisse Group ADR holders are hereby notified of the Company's Annual General Meeting of Shareholders (the "Meeting"). A copy of the Notice of Meeting from the Company which includes the agenda for such Meeting, is enclosed. Additional copies may be obtained from the Depositary's website at www.adr.db.com or from the Company's website at www.credit-suisse.com/agm. ADR holders may obtain an Annual Report from the Company website as well as a copy of the Company's Annual Report on Form 20-F which was filed with the US Securities and Exchange Commission.

Holders at the close of business on the ADS Record Date will be entitled, subject to any applicable law, the Articles of Association (Statutes) of the Company and the provisions of or govern ng the Deposited Securities (which provisions, if any, will be summarized in pertinent part by the Company), to instruct the Depositary as to the exercise of the voting rights, if any, pertaining to the Shares or other Deposited Securities represented by such Holder's American Depositary Shs es. ADR Holders wishing to submit a voting instruction should do so using the enclosed voting instruction form according to the instructions provided.

Voting Instructions may be given only in respect to a number of American Depositary Shares representing an integral number of Shares or other Deposited Securities. Upon the timely receipt of written instructions of a Holder of American Depositary Shares on the ADS Record Date of voting instructions in the manner specified by the Depositary, the Depositary shall endeavor, insofar as practicable and permitted under applicable law, the provisions of the Deposit Agreement, the Articles of Association (Statutes) of the Company and the provisions of or governing the Deposited Securities to vote or cause the Custodian to vote the Shares and/or other Deposited Securities (in person or by proxy) represented by American Depositary Shares evidenced by such Receipt in accordance with such voting instructions.

Neither the Depositary nor the Custodian shall, under any circumstances, exercise any discretion as to voting, and neither the Depositary nor the Custodian shall vote, attempt to exercise the right to vote, or in any way make use of for purposes of establish ng a quorum or otherwise, the Shares or other Deposited Securities represented by ADSs except pursuant to and in accordance with such written instructions from Holders.

Under the Company's Statutes, the Depositary will be entitled to vote all shares that represent up to 2% of the Company's nominal share capital. To exercise voting rights in excess of this threshold requires the Depositary to disclose to the Company the name, address and shareholding of any Holder or Beneficial Owner for whose account it is holding 0.5% or more of the Company's outstanding share capital. In order to accommodate these requirements, the Depositary shall make best efforts to obtain from a Holder or Beneficial Owner of 0.5% or more of the Company's outstanding share capital who provides valid voting instructions the requisite information to permit the Depositary to vote such Holder's or Beneficial Owner's shares. In the event that the Depositary after due inquiry based on such procedures does not receive such requisite information from a Holder or Beneficial Owner the Depositary shall not be required to vote the shares of such Holder or Beneficial Owner.

Form **W-9**
(Rev. October 2007)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

Name (as shown on your income tax return)

Business name, if different from above

Check appropriate box: ☐ Individual/Sole proprietor ☐ Corporation ☐ Partnership
☐ Limited liability company. Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ▶
☐ Other (see instructions) ▶

☐ Exempt payee

Address (number, street, and apt. or suite no.)

Requester's name and address (optional)

City, state, and ZIP code

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

or

Employer identification number
___ ___ - ___ ___ ___ ___ ___ ___ ___

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

Sign Here Signature of U.S. person ▶ Date ▶

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity

GEICO.

It's the money you could be saving with GEICO.

eyes. Any liquid Refrigerant 12 which may accidentally escape is approximately 21°F (6°C) below zero. If liquid Refrigerant 12 should touch the eyes, serious damage could result. Always wear goggles to protect the eyes when opening refrigerant connections. If Refrigerant 12 liquid should strike the eye:

a. Call a doctor or eye specialist immediately and obtain treatment as soon as possible.

b. DO NOT RUB THE EYE. Splash the affected area with quantities of cold water to gradually get the temperature above the freezing point.

c. The use of an antiseptic oil is helpful in providing a protective film over the eyeball to reduce the possibility of infection. Should liquid Refrigerant-12 come into contact with the skin, the injury should be treated the same as skin which has been frostbitten or frozen.

All Refrigerant 12 drums are shipped with a heavy metal screw cap. The purpose of the cap is to protect the valve

The table below indicates the pressure of Refrigerant — 12 at various temperatures. For instance a drum of Refrigerant at a temperature of 80°F (26.6°C) will have a pressure of 84.1 PSI (579.9 kPa). If it is heated to 125°F (51.8°C), the pressure will increase to 167.5 PSI (1154.9 kPa). It also can be used conversely to determine the temperature at which Refrigerant — 12 boils under various pressures. For example, at a pressure of 30.1 PSI (207.5 kPa), Refrigerant — 12 boils at 32°F (0°C).	-20 - 28.9C	2.4	16.5	95 18.3C	63.7 439.2

從我活出你的自己

從我活出你的自己 耶穌 你是我生命

對於我的所有問題 求你以你為答案。

從我活出你的自己 一切事上能榮耀 你

我不過是盛裝用器 為著彰顯你祕密。

二 殿宇今已完全奉獻 已除所有的不潔

但願你的榮耀火燄，今從裏面就露顯！

全地現在都當肅穆，我的身體今遵從！

作你順服！安靜奴僕！只有被你來推動。

三 所有敗壞每個時刻 約束 等候你發言

凡遵為你的來負軛 就是不后放一邊。

約束！沒有不安遵求 沒有緊張與受壓！

沒有困受對付惡尤，沒有困擾徘徊下。

四 乃是柔軟 安靜 安息 脫離肉與成見

讓你施行自由定案 當你對我有指點。

September 2009

New TR2 and TR3 Forms: New Concrete Testing Requirements

To support new concrete testing requirements the Department has updated the TR2 and TR3 forms. **Beginning October 1, we will only accept the 10/09 version of the TR2 and TR3.** Through September 30, 2009, Buildings will accept forms dated 09/08 and 10/09.

New TR2 and TR3 Required October 1, 2009

The New TR2

Prior to permit, the Department requires a Concrete Test Cylinder Technical Report to identify responsibilities for inspections. This report is also required prior to sign off to certify completion of concrete pouring, sampling and compression test cylinders.

A Department-licensed Concrete Testing Lab must submit the TR2 and the lab must attach the trial mixture reports and/or the field experiment results.

The new TR2 includes the following additional and required sections:

- Design Applicant Statement and signature in Identification of Responsibilities and Certification of Completion (required prior to permit and prior to sign-off)
- Building Owner Statement and signature (required prior to permit); and
- Concrete Producer's Statement and signature (required prior to sign-off)

The New TR3

Prior to permit on all jobs in which concrete will be used, the Department requires a Concrete Design Mix Technical Report.

A Department-licensed Concrete Testing Lab must submit the TR3, and the lab must attach the trial mixture reports and/or the field experiment results.

The new TR3 includes the following additional required sections:

- Design Applicant's statement and signature
- Building Owner's statement and signature; and
- Concrete Producer's statement and signature

When more than one concrete testing report is required, additional TR2 and TR3 forms must be submitted.

IMPORTANT TERMS – PLEASE READ THIS

1. DISPUTE RESOLUTION BY BINDING ARBITRATION.

1.1 Summary of Arbitration Agreement. Please read this carefully. It affects your rights. Most customer concerns can be resolved quickly and to the customer's satisfaction by calling our customer service department at 1 800 331 0500. In the unlikely event that AT&T's customer service department is unable to resolve a complaint you may have to your satisfaction (or if AT&T has not been able to resolve a dispute it has with you after attempting to do so in fair faith), we each agree to resolve those disputes through binding arbitration or small claims court instead of in courts of general jurisdiction. Arbitration is much different than a lawsuit in a court. Arbitration uses a neutral arbitrator instead of a judge or jury, allows for more limited discovery than in court and is subject to very limited review by courts. Arbitrators can award the same damages and relief that a court can award. Any arbitration under this Agreement will take place on an individual basis; class arbitrations and class actions are not permitted. For any non-frivolous claim that does not exceed $75,000, AT&T will pay all costs of the arbitration. Moreover, in arbitration you are entitled to recover attorneys' fees from AT&T to at least the same extent as you would be entitled to in court.

In addition, under certain circumstances (as explained below) AT&T will pay you more than the amount of the arbitrator's award and will pay your attorney ("attorney" as he or she is used in these attorneys' fees if the arbitrator awards you an amount that is greater than what AT&T has offered you to settle the dispute.

1.2 Arbitration Agreement.

(1) AT&T and you agree to arbitrate all disputes and claims between us. This agreement to arbitrate is intended to be broadly interpreted. It includes, but is not limited to:

- claims arising out of or relating to any aspect of the relationship between us, whether based in contract, tort, statute, fraud, misrepresentation or any other legal theory;
- claims that arose before this or any prior Agreement (including, but not limited to, claims relating to advertising);
- claims that are currently the subject of purported class action litigation in which you are not a member of a certified class; and
- claims that may arise after the termination of this Agreement.

As used in this Agreement, "AT&T" "you" and "us" includes our respective subsidiaries, affiliates, agents, employees, predecessors in interest, successors and assigns, as well as all authorized or unauthorized users or beneficiaries of services or devices under this or prior Agreements between us. Notwithstanding the foregoing, either party may bring an individual action in small claims court. This arbitration agreement does not preclude you from bringing issues to the attention of federal, state or local agencies, including, for example, the Federal Communications Commission. Such agencies can, if the law allows, seek relief against us on your behalf. You agree that, by entering into this Agreement, you and AT&T are each waiving the right to a trial by jury or to participate in a class action. This Agreement evidences a transaction in interstate commerce, and thus the Federal Arbitration Act governs the interpretation and enforcement of this provision. This arbitration provision shall survive termination of this Agreement.

(2) A party who intends to seek arbitration must first send to the other by certified mail a written Notice of Dispute ("Notice"). The Notice to AT&T should be addressed to: Office for Dispute Resolution, AT&T, 1025 Lenox Park Blvd., Atlanta, GA 30319 ("Notice Address"). The Notice must (a) describe the nature and basis of the claim or dispute; and (b) set forth the specific relief sought ("Demand"). If AT&T and you do not reach an agreement to resolve the claim within 30 days after the Notice is received, you or AT&T may commence an arbitration proceeding. During the arbitration, the amount of any settlement offer made by AT&T or you shall not be disclosed to the arbitrator until after the arbitrator determines the amount, if any, to which you or AT&T is entitled. You may download or copy a form Notice and a form to initiate arbitration at att.com/arbitration-forms.

(3) After AAA receives notice at the Notice Address that you have commenced arbitration, it will promptly reimburse you for your payment of the filing fee, unless your claim is for greater than $75,000 (the filing fee currently is $200 for claims under $10,000 but is subject to change by the arbitration provider. If you are unable to pay this fee, AT&T will pay it directly upon receiving a written request at the Notice Address). The arbitration will be governed by the Commercial Arbitration Rules ("AAA Rules") of the American Arbitration Association ("AAA"), as modified by this Agreement, and will be administered by the AAA. The AAA Rules are available online at adr.org, by calling the AAA at 1-800-778-7879, or by writing to the Notice Address. (You may obtain information in that brochure and from lawyers about the arbitration process at att.com/arbitration-information.) The arbitrator is bound by the terms of this Agreement. All issues are for the arbitrator to decide, except that issues relating to the scope and enforceability of the arbitration provision are for the court to decide. Unless AT&T and you agree otherwise, any arbitration hearings will take place in the county (or parish) of your billing address. If your claim is for $10,000 or less, we agree that you may choose whether the arbitration will be conducted solely on the basis of documents submitted to the arbitrator, through a telephonic hearing, or by in-person hearing as established by the AAA Rules. If your claim exceeds $10,000, the right to a hearing will be determined by the

Assay Description and Limitations

Assay Description: [text illegible] is immunohistochemical assay for detection of HER2 protein overexpression in the above breast infiltrating carcinoma tissue specimen. Assay is performed on formalin-fixed, paraffin-embedded tissue sections using [illegible] monoclonal antibody. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

Estrogen Receptor (ER): Immunohistochemical staining was performed on the above specimen using [illegible] monoclonal antibody. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

Progesterone Receptor: [illegible] monoclonal antibody was used for the qualitative immunohistochemical staining of formalin-fixed, paraffin-embedded tissue sections. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

Ki-67: [illegible] was used for qualitative and/or semi-quantitative immunohistochemical staining of Ki-67 antigen expression in formalin-fixed, paraffin-embedded tissue by automated immunostainer. Staining using the manufacturer's instructions.

p53: [illegible] monoclonal antibody was used for the qualitative and/or semi-quantitative immunohistochemical staining of human p53 protein in formalin-fixed, paraffin-embedded tissue sections. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

I am aware that I will only be allowed one free trial of Interpage's OutFax outbound faxing service with Interpage Network Services Inc. (INSI). I agree to abide by these policies, and understand that all trial accounts, as Interpage's agent for free policies set forth in the policy, may have activity monitored by INSI or its corporate representatives. Any activity, activity or use ability of the Interpage system, will cause trial to be terminated, outside for limited site suspension to site termination of service at the sole discretion of INSI. I hereby waive all claims which may exist now or in the future against Interpage Network Services Inc. and its officers, directors, employees, agents, and representatives for any damages or losses which may experienced as a result of a termination of trial use. I agree to be bound by each and all of the Terms of this account.

How can I test my fax machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Probably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page test call to 1-855-330-1250 (a toll-free number in the United States.) When it's ringing, point your web browser to [redacted] — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a larger version.

To test the receive functionality of your fax machine, point your web browser to [redacted] this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and print the test fax.

Who needs extra Magnesium?

Certain health disorders cause an excessive loss of magnesium or limits magnesium absorption, These are

Individuals with poorly-controlled diabetes
In Diabetes hyperglycemia results to Magnesium being excreted through urine

Individuals with chronic mal-absorption problems
People suffering from Crohn's disease Gluten sensitive Enteropathy, Regional Enteritis, and intestinal surgery may lose magnesium through diarrhea and fat mal-absorption

Older adults
In older adults magnesium absorption decreases because they are more likely to be taking drugs that interact with magnesium This places them at risk for magnesium deficiency

Individuals who are alcoholics
Low blood levels of magnesium occur in 30% to 60% of alcoholics, and in nearly 90% of patients experiencing alcohol withdrawal.

Factors which increases Magnesium excretion includes the use of medications such as
Diuretics. Lasix Bumex Edecrin and hydrochlorothiazide
Antibiotics Gentamicin and Amphotericin
Anti-neoplastic drugs Cisplatin

People needing Magnesium supplementsare those with liver and kidney disease women using oral contraceptives excessive tea and coffee drinking. Other factors that deplete Magnesium in the body includes cola type sodas, high sodium diet tobacco, low thyroid, chronic pain high carbohydrate diets and high calcium diets

It is worth noting that calcium and magnesium has to be in correct proportions or else excess Calcium will deplete Magnesium from the body. This is the reason why Magnesium supplementsshould be taken as part of a broad-spectrum multi-mineral supplement. Excess of magnesium in the body is not any concern as this mineral does not build up in the body and is simply eliminated, while excess Calcium can become a real problem

With Magnesium s role in regulating the thousands of biochemical reactions enzyme activity energy production and mineral balance sufficient magnesium is therefore essential to achieving the delicate balance necessary to the body s function and should be considered a fundamental goal in achieving optimal health and well-being.

the speech circuit to prevent loud clicks in the receiver and possible damage to the speech circuit. The closed contacts also shunt the ringer coil with a 360 ohm resistor to prevent bell tinkle. In this circuit, the ringer capacitor C also serves as a spark quencher to suppress arcing at the dial pulsing contacts.

In tone dialing, the keypad system utilizes specific pairs of frequencies within the voice band for each key. The method is called dual tone multifrequency (DTMF).

TONE DIALING

Some telephone sets use the method called dual tone multifrequency (*DTMF*) for sending a telephone number. These can be used only if the central office is equipped to process the tones. As shown in *Figure 2-4*, instead of a rotary dial, these telephone sets are equipped with a push-button keypad with 12 keys which represent the numbers 0 through 9 and the symbols * and #. (As shown dotted in *Figure 2-4*, some special purpose telephones have a fourth column of keys for a total of 16 keys.) Pressing one of the keys causes an electronic circuit to generate two tones in the voice band. There is a low frequency tone for each row and a high frequency tone for each column. Pressing key 8, for example, generates a 770 Hz tone and a 1 336 Hz tone. By using the dual tone method, 12 unique combinations are produced from only seven tones when the 12 position keypad is used.

The frequencies and the keypad layout have been internationally standardized, but the tolerances on individual frequencies may vary in different countries. The North American standard is ± 1.8% for the generator and ± 2% for the digit receiver.

make all of us hedgehogs with regard to language, and hence with regard to the basic features of the world described by t

We can now understand the paradox with which I began—that Wittgensteinianism combines esotericism with the message that the world is just what it seems to the naive and unreflecting. The esotericism with which Wittgenstein has been charged may partly be as an denial by-product of his personality and entourage, but essentially it springs from the fact that he holds philosophy, thought doomed to blind alleys until it comes in possession of the *key*—the forces truth—and the key had never been officially published during his lifetime. The philosophy so inspired from Wittgenstein is sometimes called the "ordinary language" school but note that while it may respect ordinary language—for the reasons stated—it makes it into a final court of appeal, spurns ordinary thought. Ordinary reflection—however intelligent, clear and honest—is bound to go haywire when as philosophy meaning, ing age. The truth about the world is that it is just what it seems—houses, furniture, people, and so on—and that substance and accident, universal and particulars, sense-data, matter and mental stuff and all other philosophical devils are only so many manifestations of confusion or garden variety nonsense. But to reach this pedestrian truth once you start reflecting on the world or language at all you must have had and perhaps been carefully steered into a special philosophic revelation. It is the story of Plato's cave once again—only this time the philosopher is required to lead us back into the cave

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; that site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device, bypassing any home wiring
- If using an All-In-One device, temporarily disconnect device from PC.

BATTERY REPLACEMENT
REMPLACEMENT DES PILES

CAUTION! The headlamp batteries and the main battery should be removed if the unit is not to be used for a long period of time. Otherwise, battery leakage may occur, which will damage the electronic circuitry.

ATTENTION Veuillez retirer les piles de la lampe frontale et la batterie principale si vous n'utilisez pas votre lampe pendant une période prolongée. Sinon, la batterie risque de fuir et d'endommager les circuits électroniques.

ATTENCION Recuerde retirar las pilas de la linterna y la batería principal si no va a utilizar la linterna durante un período prolongado. De lo contrario, la batería podría perder líquido y dañar los circuitos electrónicos.

Use only the correct size batteries when replacing them, as mixing different sizes can damage the unit. Always replace with new batteries when changing them.

Utilisez uniquement des piles de la taille correcte lors du remplacement, car mélanger différentes tailles peut endommager l'appareil. Remplacez toujours par des piles neuves lors du changement.

Use solo pilas del tamaño correcto al reemplazarlas, ya que mezclar diferentes tamaños puede dañar la unidad. Reemplace siempre con pilas nuevas al cambiarlas.

HEADLAMPS - LANTERN, CAP LIGHTS AND HUNTER FLASHLIGHT.
LAMPES FRONTALES, LANTERNES, LAMPES POUR CASQUETTES, LAMPE PRO HUNTER.

Open the battery compartment at the rear of the unit and remove the old batteries. Insert new batteries following the diagram inside the battery compartment. Make sure the batteries are inserted with the correct polarity. Close the battery compartment securely.

Ouvrez le compartiment des piles à l'arrière de l'appareil et retirez les anciennes piles. Insérez les piles neuves en suivant le diagramme à l'intérieur du compartiment des piles. Assurez-vous que les piles sont insérées avec la polarité correcte. Fermez le compartiment des piles en toute sécurité.

Abra el compartimento de las pilas en la parte trasera de la unidad y retire las pilas viejas. Inserte las pilas nuevas siguiendo el diagrama dentro del compartimento de las pilas. Asegúrese de que las pilas se inserten con la polaridad correcta. Cierre el compartimento de las pilas de forma segura.

KEYCHAIN LIGHTS.

Unscrew the end cap and remove the old batteries. Insert the new batteries as indicated on the diagram inside the battery compartment. Replace the end cap.

LAMPES PORTE CLES

Dévissez l'embout, retirez les anciennes piles. Insérez les nouvelles piles comme indiqué sur le schéma à l'intérieur du compartiment des piles. Remettez l'embout en place.

The center bulb in the Xeno 3 bulb assembly is the outside ring of the reflector.

Lampes de combinaison xénon + DEL

To change the bulb, use the tool provided to unscrew the bulb assembly. Remove the old bulb and replace with a new bulb.

Utilisez le petit outil pour retirer l'ampoule du support. Retirez l'ampoule et remplacez-la par une nouvelle ampoule.

NOTE: When the batteries are low the Xenon will only shine for less than 1 hour. The LED will shine for approximately 3 hours. To change the Xenon bulb, unscrew the bulb assembly and remove the bulb. Insert the new bulb and screw the bulb assembly back in place.

NOTE: Lorsque les piles faiblissent, l'ampoule au Xenon s'éteint au bout d'une heure. La DEL s'éteint au bout d'environ trois heures. Pour remplacer l'ampoule au Xenon, dévissez l'ensemble de l'ampoule et retirez l'ampoule. Insérez la nouvelle ampoule et revissez l'ensemble de l'ampoule.

MAINTENANCE ENTRETIEN

Keep the lens clean. Remove the batteries when storing for a long period of time. Periodically rub a light coat of petroleum jelly onto the O-ring seals to preserve their life.

Gardez la lentille propre. Retirez les piles lors du stockage pendant une longue période. Frottez régulièrement une légère couche de vaseline sur les joints toriques pour préserver leur durée de vie.

Mantenga la lente limpia. Retire las pilas cuando guarde la unidad durante un período prolongado. Frote periódicamente una capa ligera de vaselina en los sellos tóricos para preservar su vida útil.

Prep Time

20 min
Cook Time

Ingredients

- 1 pound ground chicken breast
- 1 cup pinto beans, well mashed
- 1/4 cup chicken broth
- 1 tablespoon olive oil
- 1 teaspoon garlic
- 1 tablespoon fresh thyme
- 2 tablespoons fresh parsley
- salt and pepper

Instructions

1. Combine ingredients in a large bowl and form into 4 patties.
2. Generously spray a nonstick skillet with olive oil cooking spray and cook for 4 - 5 minutes per side until patties are cooked through. Watch carefully – chicken breast patties over-cook very quickly. Take off the heat a minute or two before you think they're done and allow carry over cooking time to finish the cooking.
3. Serve on your favorite bun with your favorite condiments.

1 The raven himself is hoarse
That croaks the fatal entrance of Duncan
Under my battlements. Come, you spirits
That tend on mortal thoughts, unsex me here,
And fill me from the crown to the toe top-full
Of direst cruelty! Make thick my blood,
Stop up th'access and passage to remorse,
That no compunctious visitings of nature
Shake my fell purpose, nor keep peace between
Th'effect and it! Come to my woman's breasts,
And take my milk for gall, you murd'ring ministers,
Wherever in your sightless substances
You wait on nature's mischief! Come, thick night,
And pall thee in the dunnest smoke of hell,
That my keen knife see not the wound it makes,
Nor heaven peep through the blanket of the dark,
To cry 'Hold, hold!'

2 If it were done when 'tis done, then 'twere well
It were done quickly. If th'assassination
Could trammel up the consequence, and catch
With his surcease success, that but this blow
Might be the be-all and the end-all, here,
But here, upon this bank and shoal of time,
We'd jump the life to come. But in these cases
We still have judgement here, that we but teach
Bloody instructions, which, being taught, return
To plague th'inventor. This even-handed justice
Commends th'ingredience of our poisoned chalice
To our own lips. He's here in double trust:
First, as I am his kinsman and his subject,
Strong both against the deed; then, as his host,
Who should against his murderer shut the door,
Not bear the knife myself. Besides, this Duncan
Hath borne his faculties so meek, hath been
So clear in his great office, that his virtues
Will plead like angels, trumpet-tongued against
The deep damnation of his taking-off,
And pity, like a naked new-born babe,
Striding the blast, or heaven's cherubin, horsed
Upon the sightless couriers of the air,
Shall blow the horrid deed in every eye
That tears shall drown the wind. I have no spur
To prick the sides of my intent, but only
Vaulting ambition which o'erleaps itself
And falls on th'other

3 Whence is that knocking?—
How is't with me, when every noise appals me?
What hands are here! Ha, they pluck out mine eyes.
Will all great Neptune's ocean wash this blood
Clean from my hand? No, this my hand will rather
The multitudinous seas incarnadine
Making the green one red.

4 Out, damned spot, out, I say! One, two.—why
then 'tis time to do't. Hell is murky. Fie, my lord,
fie a soldier and afeard? What need we fear who
knows it when none can call our power to account?
Yet who would have thought the old man to have
had so much blood in him?

5 She should have died hereafter
There would have been a time for such a word.
Tomorrow, and tomorrow, and tomorrow
Creeps in this petty pace from day to day
To the last syllable of recorded time
And all our yesterdays have lighted fools
The way to dusty death. Out, out, brief candle
Life's but a walking shadow, a poor player
That struts and frets his hour upon the stage,
And then is heard no more. It is a tale
Told by an idiot, full of sound and fury
Signifying nothing.

ESFJ Extraverted Feeling with Sensing

ESFJ types like to put other people at ease. They are talkative, popular and genuinely convinced that tough times can be overcome if people work together. They put a lot of conscientious energy into making this happen. Natural hosts and hostesses, they pay attention to even the smallest detail to make people feel welcome.

Choosing a Major

- Like to have majors and career plans settled early
- Seek work in people-oriented fields serving others
- Frequently found in teaching, nursing, selling, health care and any work where the tangible well-being of others can be served

Learning Style

- Think best while talking and greatly enjoy conversation
- Want theories and abstract

Playing

- Usually very involved in campus groups often as a leader, and like to attend activities with others
- With roommates, like things settled and will work tirelessly to smooth out problems
- Report they have no trouble getting dates once a week or more
- May find it hard to relax until the job is done but enjoy working on behalf of others

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Lincoln's Gettysburg Address
November 19, 1863

Four score and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty, and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure.

We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live.

It is altogether fitting and proper that we should do this.

But in a larger sense, we cannot dedicate, we cannot consecrate, we cannot hallow this ground.

The brave men, living and dead, who struggled here have consecrated it far above our poor power to add or detract.

The world will little note, nor long remember what we say here, but it can never forget what they did here.

It is for us the living, rather to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced.

It is rather for us to be here dedicated to the great task remaining before us—

that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—

—that we here highly resolve that these dead shall not have died in vain, that this nation, under God, shall have a new birth of freedom, and that government of the people, by the people, for the people, shall not perish from the earth.

This text is a transcription of the "Bliss version" of the Gettysburg Address, housed in the Lincoln Bedroom at The White House in Washington, D.C.

Passive and Active Port Layout

For MoCA installations it is best to install MoCA devices on adjacent and semi-adjacent ports for the lowest port to-port isolation. The examples below indicate the ports that are adjacent and semi-adjacent of the BDS100VF Series splitters and the Data Plus Amplifier. The green indicates the ports that are adjacent and the red indicates the ports that are semi-adjacent. It is best not to connect MoCA devices between the semi-adjacent groups as this will result in the highest port to port isolation and possible be too much attenuation for proper MoCA communication.

When the owner passed I was able to secure the suite personally and sold seats to continue the tradition. hoping to obtain employment with another company that would become a corporate sponsor. That did not happen but I teamed up with Jimmy Rogers who owned Copper River and we obtained a similar suite and again sold tickets. Unfortunately Jimmy passed unexpectedly recently and the suite contract is being retained by his family. Last Sunday I was informed by Joanne that Clemson has an issue regarding a pledge towards basketball priority seating in the new arena being discussed. I am suppose to go with her in the upcoming weeks to meet with Clemson and see what can be worked out. After the meeting I will give you an update.

Touchstone® DOCSIS® 3.0 Gateways

User Guide - Manual del usuario - Mode d'emploi

http://www.arrisi.com/support/guides/

Configuring Your Wireless Connection

The gateway ships with wireless LAN security set by default. See the security level on your product for the factory security settings. network name (SSID), encryption key and WPS PIN.

Note: To install and set up your computer and other client devices to work with the wireless network, see the documentation for your client devices. If your client device supports Wi-Fi Protected Setup (WPS), consult your client device documentation for the gateway or other router to learn about your system's security.

If you want to modify the gateway's default wireless security settings, or if you want to configure any other wireless LAN settings, refer to the following instructions. (You should have already set up the gateway.)

1. If security has been properly configured on your computer, access the wireless LAN configuration utility. The procedure will vary for your operating system or client device. Look for the wireless LAN utility in menus like Network, Network Connections, or Wireless. Or, consult documentation for your client device.

2. If you want to access the wireless LAN, you must first establish a wireless LAN connection between your computer and the gateway.

3. In your web browser, open the page http://192.168.0.1/ to access the wireless router setup. The Login screen will appear.

Note: The **default user name is "admin"**. The **default password is "password"**. In lower case letters.

4. Enter the user name and password and click the Apply or OK button to log in. The System screen will appear.

5. Use the online help guides and other documentation as required.

Note: After configuration is complete, when you may want to set up the access list in the System Basic setup screen. Including the MAC address and IP address of system to access.

TEST

SECTION 1. HOLIDAYS OBSERVED:

1. What categories of employee observes the contractually prescribed holidays for Holiday pay purposes?

Response: Holidays are observed by full time and part time regular scheduled employees who are the only ones eligible to receive holiday leave pay.

Source: Article 11.1. and ELM 434 42.

SECTION 2. ELIGIBILITY:

2. What is the requirement to receive Holiday Leave Pay?

Response: To be eligible for Holiday Leave Pay the employee must be in a pay status the last hour of the employee's scheduled workday prior to or the first hour of the employee's scheduled workday after the holiday. (see question 15 for PT Regular scheduled less than 5 days)

Source: Article 11.2. and ELM 434.432.

3. Can an employee use Annual or Sick Leave each pay period during periods of extended absences, for those protections which they may be eligible under Article 5 of the National Agreement and/or to be eligible for Holiday Leave Pay?

Response: An employee who is on extended absence and wishes to continue eligibility for health and life insurance benefits , and those protections for which an employee may be eligible under Article 5 of the National Agreement may do so in conjunction with leave without pay prior to exhausting his/her leave balance.
It is inappropriate for employees in an extended LWOP status to manipulate the utilization of paid leave for the purpose of obtaining paid holidays. However, management should not deny paid leave requests from employees in an extended LWOP status solely because it provides an entitlement to a paid holiday.
The employer is not obligated to approve such leave for the last hour of the employee's scheduled workday prior to and/or the first hour of the employee's scheduled workday after a holiday.

We need to talk about your T P S reports You see, we're putting these new cover sheets on all the T P S reports before they go out now Did you get the memo?

We'd like to take this opportunity to welcome some new members to our team here Tomorrow we ll have some outside consultants coming in They're going to be helping us out a little here They'll be asking some questions, maybe seeing if there's some ways we could maybe make our lives a little easier Make things run a little more smoothly around here

Oh, and remember-next Friday is Hawaiian shirt day So if you want to, go ahead and wear a Hawaiian shirt and jeans

Mayor Rob Ford received formal notice Wednesday that the majority of his council colleagues want him to take a leave of absence in light of his admissions of crack cocaine use, though the defiant chief magistrate has given no sign at all that he intends to comply.

Following a lengthy debate at City Hall on Wednesday, councillors voted in favour of a slanging, yet ultimately symbolic motion that Coun. Denzil Minnan-Wong had put forward and which Ford made his key item.

Immediately before councillors voted on the various components of the motion, Ford told his colleagues he had said all that he could in his defence.

Logo – I think I will have to work on the logo and try to come up with a size I can show you for a rembrant on of the picture of the balloons and the two form a sees at the office. Now the picture looks too small and Technology and Touch is too small. That doesn't look right when the pictures in the slider are so large . we'll have to work together on that

Family Centered Care
Last bullet should read "We live in the country how far are you willing to travel?" (This is in two places – you already corrected it on the other place)

Company News
Need to line up text better on page – line it up on the left rail or then centering. Put picture to one side

Family Resources
Under the Kids Quest resource – "Designed for children in Grades 4-6 to learn more about disabilities and health." (add capital G and the word grades shouldn't be there twice)

Nurses and HHAs tab
Nurses needed for Infant to Brainard pagels) (only if going to keep running this)
All text should line up on left, not be centered (heading can be centered)
Second bullet, take out the word "specific"
Third bullet, should say "skills in the following areas"

Resources for Nursing Professionals
Text starts too far below heading. Needs an introductory sentence

Clinical Support Team
Second sentence in the introduction needs to be moved, left one space and should have a period at the end

A Message From Our Founder
First sentence needs a period at the end
Second sentence could be combined with third to read, "Our goals are to help the children, (technology and touch) and to complement your nurturing involvement.." (Questions, email me.)

Lorraine O'Malley, RN should be listed as the founder – discuss how that should be added or if Lorraine wants it

Contact Us
Office Hours: M-F 8:30 am-5:00 pm (need a space between 8:30 and am and 5:00 and pm)

Also need to decide if we're going to put dashes or periods in telephone numbers on the website. I don't remember what we put on the letterhead, but let's go with what's on that. Whichever it is, make all phone numbers that way on the website

Student Expectations

1. It is your responsibility to attend class and read assigned materials. Please see the course calendar in **Course Documents** on Blackboard. Students are expected to attend classes regularly. Missing a class or part of a class will have a negative impact on your grade, and if you miss a daily assessment it cannot be made up. Reading and listening assignments are listed during each class.
2. **Students must arrive on time to class.** Please arrive on time to class on Tuesdays and Thursdays from class breaks or limit.
3. **Use of laptops, Blackberry, iPhones or cell phones, etc.** Students may not use Internet services during class, as it will disrupt my connection and make it impossible to conduct class. Students who continue use will be dismissed from class, without possibility of making up any assessments missed. Please, only me if you're

Hello World!

PROGRAMMABLE ATTENUTORS, SPLITTER/COMBINERS

On a semi-custom basis RF devices such as Programmable Attenuators Splitter/Combiners and Directional Couplers can be installed inside your CXM Chassis to furnish a complete, turn-key tool setup:

PROGRAMMABLE ATTENUATORS

Relay based and solid state attenuators are available in a variety of step sizes (such as 1 dB, 2 dB, 4 dB, 8 dB, etc.) and frequency ranges. Step size, position (e.g. 1 of 6 or 1 of 8), etc. and simple programming commands (including attenuators as part of the switching systems remote the end user to conveniently operate the program precise signal attenuation) are typ. See Fig. 6

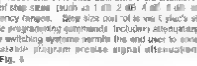

Fig. 6 Relay-based Programmable Attenuator

Fig. 8 Directional Coupler 10 dB

POWER DIVIDER/COMBINERS

Any passive device that offer high directivity and good input to output matchings (e.g. very 6 way & very and 16 way) Power Dividers/Combiners can be installed as part of your telecommunications system. In this box and 16-way signal Dividers are offered that have low insertion losses and VSWRs and ruggedness as high as 10 G-rms. Contact factory for more information. See Fig. 7

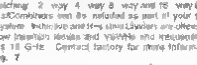

Fig. 7 1 N Power Divider/Combiner

DIRECTIONAL COUPLERS

A Directional Coupler has three ports: input, transmitted and coupled. It couples part of the transmission power to the coupled port by a known amount, typically 10 dB, 20 dB or 30 dB. The coupled output can be used to measure power, enable (for example, power level and frequency) without interrupting the main RF power flow. See Fig. 8

CYTEC SWITCH MANAGER SOFTWARE

The Cytec Switch Manager provides a sufficient interface for remotely controlling both matrices and multiplexers. The software includes an intuitive graphical interface, security implementation built in, fast functionality, multiple device control, switching in memory, as well as many other useful features. You can download the Switch Manager free of charge from our website.

Available for Windows, Linux, Mac OS, or any other Java enabled platform

SOFTWARE

Free drivers and/or sample programs are available for most commonly available application programming languages.

WARRANTY

All CXM Series Microwave Relays include a full one year warranty. All other system components include five year warranties.

CONTROL MODULES

RF w/ IEEE488/RS232 16 and 32 Channel Control
This Module has both the IEEE488 (GPIB/Listen) and the RS232 features detailed in Applications Bulletin AP-5. The combination of methods used on all CXM/16 & CXM/32 chassis.

RF-1 IEEE488/RS232 64 and 128 Channel Control
This Module has both the IEEE488 (GPIB/Listen) and the RS232 features detailed in Applications Bulletin AP-5. This combination of options is used on all CXM/64, CXM/128 or CXM/256 of size 3.

IP-4 LAN INTERFACE
This Module adds Ethernet / ICMP to provide control from a Local Area Network or Web Host + Internet API-5. It is available as an option on any Rackframe chassis.

MANUAL CONTROL OPTION

Manual Controls are available for all mainframe chassis.

CXM/16 and **CXM/32** chassis can be purchased with optional pushbutton manual controls: PP/16 or PP/32

CXM/64 CXM/128 and **CXM/256** mainframes can be built with optional keypad manual controls: MC-2

LACERATION

[alt]

A LACERATION is a cut through the skin. This will usually require stitches if it is deep. Minor cuts may be treated with a tape closure ("Steri-Strips") or Dermabond skin glue.

HOME CARE:

1) **EXTREMITY, FACE or TRUNK WOUNDS.** Keep the wound clean and dry. **If a bandage** was applied and it becomes wet or dirty, replace it. Otherwise, leave it in place for the first 24 hours.
   - **If sutures** were used, clean the wound daily.
     - After removing the bandage, wash the area with soap and water. Use Hydrogen Peroxide on a cotton swab (Q tip) to loosen and remove any blood or crust that forms.
     - After cleaning, apply a thin layer of Neosporin or Bacitracin ointment. This will keep the wound clean and make it easier to remove the stitches. Reapply the bandage.
     You may shower as usual after the first 24 hours, but do not soak the area in water (no tub baths or swimming) until the sutures are removed.
   - **If a Steri-Strips tape closure** was used, keep the area clean and dry. If it becomes wet, blot it dry with a towel. After the Steri-Strips have been removed it is safe to resume your usual activities.
   - **If Dermabond skin adhesive** was used, do not scratch, rub or pick at the adhesive film. Do not place tape directly over the film. Do not apply liquid, ointment or creams to the wound while the film is in place. Do not clean the wound with peroxide and do not apply ointments. Avoid activities that cause heavy sweating until the film has fallen off. Protect the wound from prolonged exposure to sunlight or tanning lamps. You may shower as usual but do not soak the wound in water (no baths or swimming). The film will fall off by itself in 5-10 days.
2) **SCALP WOUNDS.** During the first few days, you may carefully rinse your hair in the shower to remove blood clots or dirt particles. After two days, you may shower and shampoo your hair normally. Do not touch the stitches. Do not soak your scalp in the tub or go swimming until the stitches have been removed.
3) **MOUTH WOUNDS.** Eat soft foods to reduce pain. If the cut is inside of your mouth, rinse after each meal and at bedtime with a mixture of equal parts water and Hydrogen Peroxide (do not swallow!). Or, you can use a cotton swab to directly apply Hydrogen Peroxide onto the cut.

FOLLOW UP. Most skin wounds heal within ten days. Mouth and facial wounds heal within five days. However, even with proper treatment, a wound infection may sometimes occur. Therefore, you should check the wound daily for signs of infection listed below.

Stitches should be removed from the face within five days; stitches should be removed from other parts of the body with in 7-14 days. If dissolving sutures were used in the mouth, these will fall out or dissolve without the need for removal. If TAPE CLOSURES (Steri-Strips) were used, remove them yourself after five days unless told otherwise. If Dermabond skin glue was used, the film will fall off by itself in 5-10 days.

RETURN PROMPTLY or contact your doctor if any of the following SIGNS of INFECTION occur:
- Increasing pain in the wound, or fever over 99.5°F (37.5°C) oral
- Redness, swelling, or pus coming from the wound
- If sutures come apart or fall out or if Steri-Strips fall off before your next appointment
- If the wound edges re-open
- Numbness near the wound, after the time of suture removal

2 Simple manipulations; numbers and vectors

2.1 Vectors and assignment

R operates on named *data structures*. The simplest such structure is the numeric vector which is a single entity consisting of an ordered collection of numbers. To set up a vector named `x`, say, consisting of five numbers, namely 10.4, 5.6, 3.1, 6.4 and 21.7, use the R command

```
> x <- c(10.4, 5.6, 3.1, 6.4, 21.7)
```

This is an *assignment* statement using the *function* `c()` which in this context can take an arbitrary number of vector *arguments* and whose value is a vector got by concatenating its arguments end to end.[1]

A number occurring by itself in an expression is taken as a vector of length one.

Notice that the assignment operator (`<-`) which consists of the two characters "`<`" ("less than") and "`-`" ("minus") occurring strictly side-by-side, and it points to the object receiving the value of the expression. In most contexts the `=` operator can be used as an alternative.

Assignment can also be made using the function `assign()`. An equivalent way of making the same assignment as above is with

```
> assign("x", c(10.4, 5.6, 3.1, 6.4, 21.7))
```

The usual operator `<-` can be thought of as a syntactic short-cut to this.

Assignments can also be made in the other direction, using the obvious change in the assignment operator. So the same assignment could be made using

```
> c(10.4, 5.6, 3.1, 6.4, 21.7) -> x
```

If an expression is used as a complete command, the value is printed *and lost*.[2] So now if we were to use the command

```
> 1/x
```

the reciprocals of the five values would be printed at the terminal (and the value of `x` of course unchanged).

The further assignment

```
> y <- c(x, 0, x)
```

would create a vector `y` with 11 entries consisting of two copies of `x` with a zero in the middle place.

---

[1] With other than vector types of argument, such as list mode arguments, the action of `c()` is rather different. See Section 6.2.1 [Concatenating lists], page 39.

[2] Actually it is still available as `.Last.value` before any other statements are executed.

Investigations of Obliqus Triangles

By M. Mieseszek

SOHCAHTOA allows us to solve for missing angles or sides in a *right* triagle. What can you do if the triangle is an oblique (non-right) triangle? Not to worry - there are formulas to help us solve those trianglas as well.

1)

Consider the triangle shown

Obviously since it is not a right triangle *SOHCAHTOA* will not help us

We can however create a right triangle by dropping an altitude from angle *B* to side $\overline{AC}$

There are now 2 small right triagles.

You can first solve for $\overline{BD}$ using ΔABD,
then use that side to get the desired angle in ΔBDC

Do that now -

Solve for $\overline{BD}$ using ΔABD

Solve for $x°$ using ΔBDC

she twists and she squirms
trying to get away
from my slutty tongue

There's no amount of pills
That she could take
to make her body numb

shes bounded in lipstick red leather
and my slutty tongue
gonna lick her clean

she looks at me
with those teary eyes
Memories that wont soon die

of her
and me
and love
and skin
and lust
and blood
and pain
and ecstasy

scream honey scream
but don't say a word
or my slutty tongue will shut you up

fight me bite me
tear me if you like me
ill tear back if you turn me on

some might say
we we're not to be this way
but it s okay if they don't know you re here

I can smell your scent
from the basement
my slutty tongue gonna find you out

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Bishop of Trenton

So you want to test your fax software or fax machine but you don't have a fax number that you can test with. Here is a list of free fax numbers that are setup specifically for testing your fax machine within the USA or Canada.

These fax numbers will work on any fax machine or any type of fax software including FaxTalk.

Testing fax sending only

A web site at faxtoy.net is available that will allow you to send a fax test. Send a fax toll free +1 888-877-1655 or +1 (503) 200-1300 (Portland, Oregon USA).

NOTE: Faxes sent to this number are publicly displayed for all to see on the Web site faxtoy.net -- Do not fax any sensitive, confidential or offensive material.

Verifying your fax was received successfully

Visit the Web site faxtoy.net and view the thumbnail fax. Click the thumbnail to view a full page of the fax. If you do not see your fax, use the browser refresh option to update the page. Your fax thumbnail should appear within a few minutes after a successful send.

Testing send and receive functions of your fax

Hewlett Packard (HP) provides a free fax testing service that can test both sending and receiving features of your fax software or fax machine.

Send a fax to +1-888-473-2963 (Toll Free in the USA and Canada).

Receiving a fax: To ensure you can receive a fax, after you successfully send a fax to this service it will automatically dial you back within a few minutes (using your caller ID information and/or CSID) and attempt to send you a fax.

If you using any call blocking so that Caller ID information is not sent, you will not receive a return fax. You should also ensure your CSID (Caller Station IDentifier) is properly configured to include your fax number for the return call and you have auto-receive option turned on your fax software or fax machine.

Setting your CSID with FaxTalk: Click on Tools, Options, Fax, Advanced to configure the CSID. See your fax manual on setting CSID for others.

NOTE: Faxes sent to this number are not displayed publicly, but it is recommended not to fax any sensitive or confidential material to this fax number.

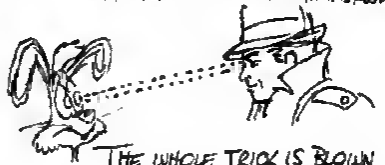
A MAJOR PROBLEM HAS JUST LEPT OUT TO FACE US..

THE EYE LINES BETWEEN CARTOON CHARACTERS AND LIVE ACTION ONES ARE PROVING INCREDIBLY CRITICAL.

(NO WONDER MARY POPPINS WAS AWFUL IN THIS AREA!)



THE WHOLE TRICK IS BLOWN IF THE CARTOON PERSON DISCONNECTS HIMSELF FROM THE LIVE ACTORS EYELINE.

MANGPOL POLYPROPYLENE

Polypropylene Homo polymer	HM003	General Purpose injection Molding

Product Characteristics

MANGPOL HM003 is a Polypropylene Homo polymer produced by latest solvent free gas phase polymerization using Novalen Technology This polymer is primarily suitable for making General Purpose Injection Molding Items

HM003 combines good mechanical strength along with ease in processibility Color retention characteristics are excellent.

Recommended Applications

- General Purpose Injection Molding Items of short flow paths, Toys Combs, Housewares Closures In blending etc.

Typical Properties

Sr No	Properties	Test Method	Units	Typical Values
1	Melt Flow Index ($I_{2.16}$ @230 C)	ASTM D 1238	g / 10 min	3
2	Tensile Strength at Yield	ASTM D 638	MPa	32
3	Tensile Elongation at Yield	(Type 1)	%	9
6	Vicat Softening Point (10N)	ASTM D 1525	°C	154
7	Heat Deflection Temperature (@ 455MPa)	ASTM D 648	°C	85

1 All the mechanical properties are as per ASTM D638 Type I injection molded specimen prepared in accordance with ASTM D 4101

Typical Processing Temperature

- Barrel Temperature 180 – 280 °C
- Mold Temperature 30 – 40 °C

Handling & Storage

Bags should be stored in dry & dust free environment at temperature below 50°C Avoid direct exposure to sunlight & heat to avoid quality deterioration

sort thing interesting to 1-888-877-1655 (your boss will never notice... maybe) or 1-503-200-1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the US...) Keep it clean, kids.

Fax single-page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to skip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

EPSON
EXCEED YOUR VISION

Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints:

- Genuine Epson inks have been engineered to deliver stable, long-lasting photographic quality when used with Epson papers.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

Fax Setup Wizard

Wednesday, June 24, 2015 10:10:56 AM

Your Setup Summary

Based on your answers, a brief description of your environment and how your printer will be set up

Reader Information

Name: [redacted]

Location: United States

Ancient DSL modem

Shared fax/telephone number: [redacted]

Voice Mail: Yes

*You receive both fax and voice calls at your phone number [redacted]

*You do not have an answering machine that automatically answers and records your calls.

*The answer mode on your HP device is set to not automatically answer fax calls

*The HP device will not answer calls. You must be available to answer all calls manually by using an extension phone.

*After answering a call, if you hear fax tones, you can receive the fax manually by either pressing the Start button on the HP device or by pressing 1 2 3 on sequence on your extension phone. You can hang up the extension phone once the HP device answers.

!Refer to your User Guide for more information on how to manually receive faxes.

To change fax settings in the future, you can either run the Fax Setup Wizard again (Fax > Fax Setup Wizard) or change individual settings (Fax > Basic Fax Settings or Fax > Advanced Fax Settings) in the EWS

To print this setup report, click "Print".

*The product will print in color until one or more color cartridges need to be replaced.
*Then the product will print in black only

POWELL'S BOOKS

SCOUT POLICY

Powell's defines *Book Scout* as any seller who acquires books for resale. We ... business we do with scouts as a vendor relationship. We expect our vendors to provi... with high quality goods and conduct business in a professional manner. A scout who co... tently brings us marginal books, or who is frequently contentious, will be asked to discon... buying to our stores. We reserve the right to establish individual and specific terms with any scout based on the needs of our business.

WE WELCOME SCOUTS TUESDAY THROUGH FRIDAY DURING THE FOLLOWING HOURS FOR EACH STORE:

POWELL'S CITY OF BOOKS	POWELL'S BOOKS IN BEAVERTON	POWELL'S BOOKS ON HAWTHORNE	POWELL'S TECHNICAL BOOKS
11th & NW Couch St	Hwy 217 at Jhe Progress Exit	3723 SE Hawthorne Blvd	NW Pow & Couch St
9am to 9pm	9am to 6pm	10am to 6pm	11am to 6pm
*except Wednesday 12:30-5:30			

PLEASE NOTE THE FOLLOWING:

- **One transaction per day with a limit of one reasonably sized box.**
- Do not attempt to choose your buyer
- Honor our passes. Attempting to sell books we have declined for purchase is grounds for exclusion. Books you refuse to sell after an offer has been made are viewed as passes.
- We buy and price books according to our market, not according to catalogues or the Internet.
- Powell's is more interested in the unusual and exceptional books over the general or common titles. Titles regularly available from our non-scouting customers are likely to be passed on.
- As a general rule, we do not buy mass market fiction, children's titles, textbooks or book club editions from scouts. We will purchase only highly desirable or collectible titles in these formats.
- Avoid multiple copies or sale books as they overstock quickly.
- Scouting books from any Powell's location, including sales events, and attempting to resell those books to us is grounds for exclusion.
- **You may refuse our bid, but please do not argue with the buyer. All transactions are final.**

CONDITION REQUIREMENTS

- Books must be clean and in good condition. They must be free of mold, mildew, dust, and dirt. No broken spines or weak hinges. In addition, the high cost of repairing damaged books often prohibits us from buying rare and collectable titles which exhibit major flaws.
- All ex-library books must clearly indicate that they've been removed from circulation. We will only buy highly desirable ex-library titles.
- Please remove all stickers, tape, and labels. Erase any pencil pricing or notations. We will invariably pass on books with excessive notes, underlining or highlighting.

VIOLATING THE ABOVE CONDITIONS MAY RESULT IN EXCLUSION FROM SELLING AT ALL LOCATIONS. WE RESERVE THE RIGHT TO REFUSE SERVICE TO ANYONE AT ANY TIME.

If you have questions, please feel free to contact Chris Hagen at (503 228.4651 ext. 459) or by e-mail: chris.hagen@powells.com.

Thank you,

Powell's Used Book Buying Staff

Hello!

This is a sample text file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with the fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file; many other file types are supported

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:

Phone. +1 (510) 315-2750 9AM to 5:30 PM M-F PacRic Time

E-Mail. inst-support@interpage.net

Web. http://www.interpage.net

Thank you for your interest!

Notice: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages; only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the form located at http://www.interpage.net/null-fax-trial.html, omitting any billing information, and clearly indicating a valid e-mail address and payment telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is at an offer. It was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single solicitation may not receive more than two faxes in a given week, however, if you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

Troubleshooting Steps

The steps below will help you resolve common faxing problems:

- Switch off fax machine and unplug power adapter from device and from wall outlet. Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In One device, temporarily disconnect device from PC.

Steady Diffusion in Two Dimensions

In Lecture 4 we simplified the De Chenes-Rajkumlikar equation based on the assumption of steady diffusion without convection or reaction and obtained

$$\nabla^2 C = 0 \tag{5.1}$$

We then solved this equation of the simple cases of one dimensional transport in a film and in a hollow cylinder for both Dirichlet and convective conditions at the two boundaries. In today's lecture we will obtain solutions to 5.1 for the case of steady transport in two-dimensions in both Cartesian and cylindrical coordinates

$$\frac{\partial^2 C}{\partial x^2} + \frac{\partial^2 C}{\partial z^2} = 0 \tag{5.2}$$

and

$$\frac{1}{r}\frac{\partial}{\partial r}\left(r\frac{\partial C}{\partial r}\right) + \frac{\partial^2 C}{\partial z^2} = 0 \tag{5.3}$$

Solutions to these equations can be obtained in the form of infinite series by a mathematical technique called **separation of variables** together with the application of a special property of certain functions called **orthogonality**. Solution in both the rectangular and cylindrical coordinate system will be developed completely in class for simple boundary conditions.

The mathematics associated with solving these equations can be very complicated and are covered in detail in courses in applied mathematics. We present here only an introduction and general scheme for the techniques. For testing purposes you should know how to perform the operation of separating variables in both coordinate systems, write the general solutions to the separated problems, and apply the boundary conditions. You should also be able to integrate $C(x, z)$ and $C(r, z)$ to obtain the total amount of solute in the system and also differentiate these functions at a boundary and integrate over that boundary to obtained the total mass flow rate. You will not be responsible for application of the orthogonality property to obtain the coefficients in the series solutions.

Mass Transfer in a Proposed Drug Delivery System

Rectangular Design

Consider the proposed transdermal delivery system shown below which consists of two long rectangular channels containing a solution of the drug to be delivered. Separating the two channels and running lengthwise down the center of the device is a thick barrier of height H, width $2W$, and length L. Drug enters the barrier through the side walls and diffuses inward and downward through the barrier material, then through an open support, and finally into the skin.

First Fight

Todd and Jill had just gotten back from the honeymoon, and were having their first fight, and it was a big one.

No matter what Todd tried to say or do, Jill refused to compromise, or even listen.

He started growing exasperated.

After a while, Todd said, "When we got married, you promised to love, honor and obey."

Jill replied, "I know. But I didn't want to start an argument in front of all those people at the wedding."

Dear Pete,

Permit me to introduce you to the facility of facsimile transmission.

In facsimile a photocell is caused to perform a raster scan over the subject copy. The variations of print density on the document cause the photocell to generate an analogous electrical video signal. This signal is used to modulate a carrier, which is transmitted to a remote destination over a radio or cable communications link.

At the remote terminal, demodulation reconstructs the video signal, which is used to modulate the density of print produced by a printing device. This device is scanning in a raster scan synchronised with that at the transmitting terminal. As a result, a facsimile copy of the subject document is produced.

Probably you have uses for this facility in your organisation.

Yours sincerely,

P.J. CROSS

Squid and Active Directory authentication.

Posted by admin on February 11, 2009 under Active Directory, Linux, Proxy | Be the First to Comment

Overview

I've recently setup Active Directory authentication via Squid proxy for my new workplace test environment. Essentially people were abusing the internet (looking up xxx rated sites etc) whilst at work So it was decided to install a proxy to watch and moderate user access. Just as an aside note, proxies don't tell you about ALL the traffic going through your network/proxy for this you need NTOP, a packet sniffer with reporting tools I'll attempt to explain how I setup the proxy with Active Directory authentication and explain why it works, so that you can do it too

If you don't already know, Squid is a caching server that runs on both Linux and Windows, in my case it will be running on Linux All this means is that Squid takes a normal users request for a

The Plan's duties with respect to health information about you

The Plan is required by law to maintain the privacy of your health information and to provide you with this notice of the Plan's legal duties and privacy practices with respect to your health information. If you participate in an insured plan option, you will receive a notice directly from the insurer. It's important to note that these rules apply to the Plan, not *The Walt Disney Company* as an employer — that's the way the HIPAA rules work. Different policies may apply to other Disney programs or to data unrelated to the Plan.

How the Plan may use or disclose your health information

The privacy rules generally allow the use and disclosure of your health information without your permission (known as an authorization) for purposes of health care treatment, payment activities and health care operations. Here are some examples of what that might entail:

- **Treatment** includes providing, coordinating, or managing health care by one or more health care providers or doctors. Treatment can also include coordination or management of care between a provider and a third party, and consultation and referrals between providers. For example, the Plan may share your health information with physicians who are treating you.

- **Payment** includes activities by this Plan, other plans, or providers to obtain premiums, make coverage determinations, and provide reimbursement for health care. This can include determining eligibility, reviewing services for medical necessity or appropriateness, engaging in utilization management activities, claims management, and billing, as well as performing "behind the scenes" plan functions, such as risk adjustment, collection, or reinsurance. For example, the Plan may share information about your coverage or the expenses you have incurred with another health plan to coordinate payment of benefits.

- **Health care operations** include activities by this Plan (and, in limited circumstances, by other plans or providers), such as wellness and risk assessment programs, quality assessment and improvement activities, customer service, and internal grievance resolution. Health care operations also include evaluating vendors, engaging in credentialing, training, and accreditation activities, performing underwriting or premium rating, arranging for medical review and audit activities, and conducting business planning and development. For example, the Plan may use information about your claims to audit the third parties that approve payment for Plan benefits.

The amount of health information used, disclosed or requested will be limited and, when needed, restricted to the minimum necessary to accomplish the intended purposes, as defined under the HIPAA rules. If the Plan uses or discloses PHI for underwriting purposes, the Plan will *not* use or disclose PHI that is your genetic information for such purposes.

The only manual that Canon appears to have listed online is the "Getting Started" Manual, in English, and it can be found here
http://pdisp1.c-wss.com/pdisp/A0300002124/03/MX320_GS_UG-2_V1.pdf
This manual seems to cover all the major aspects of setting up the all-in-one device, but it that doesn't suit your needs there is a host of other information and downloads for this model found on Canon's website found here
http://www.usa.canon.com/cusa/consumer/products/printers_multifunction#/Key_all_in_one_inkjet_printers/pixma_mx3/_/#Features/Anchor/tab
Hope this helps!

Video provides a powerful way to help you prove your point. When you click Online Video, you can paste in the embed code for the video you want to add. You can also type a keyword to search online for the video that best fits your document. To make your document look professionally produced, Word provides header, footer, cover page, and text box designs that complement each other. For example, you can add a matching cover page, header, and sidebar. Click Insert and then choose the elements you want from the different galleries. Themes and styles also help keep your document coordinated. When you click Design and choose a new Theme, the pictures, charts, and SmartArt graphics change to match your new theme. When you apply styles, your headings change to match the new theme. Save time in Word with new buttons that show up where you need them.

To change the way a picture fits in your document, click it and a button for layout options appears next to it. When you work on a table, click where you want to add a row or a column, and then click the plus sign. Reading is easier, too, in the new Reading view. You can collapse parts of the document and focus on the text you want. If you need to stop reading before you reach the end, Word remembers where you left off—even on another device. Video provides a powerful way to help you prove your point. When you click Online Video, you can paste in the embed code for the video you want to add. You can also type a keyword to search online for the video that best fits your document. To make your document look professionally produced, Word provides header, footer, cover page, and text box designs that complement each other. For example, you can add a matching cover page, header, and sidebar.

Click Insert and then choose the elements you want from the different galleries. Themes and styles also help keep your document coordinated. When you click Design and choose a new Theme, the pictures, charts, and SmartArt graphics change to match your new theme. When you apply styles, your headings change to match the new theme. To Jesus through Mary and the Rosary!

From the Principal's Desk

Dear Parents,

This second half of our school year is certainly going by quickly, is it not? Here it is—already time for our second quarter report cards! On that note, please remember to review your child's report card in order to encourage him/her to continue exceeding expectations in school.

In addition, we are very pleased to announce that we will be hosting our **First Annual Vocations Assembly** this **Monday, January 23 at 9:30 a.m.** in our gym. We truly hope that you can join us for this wonderful event during which our students will have the opportunity to hear from several different priests and religious sisters. We are privileged to have the following priests and religious on our panel.

- Fr. George Knab from the Oblates of Mary Immaculate (Cardinal George's Order)
- Fr. Brian Welter - Vocations Director of the Archdiocese
- Fr. Michael Mitchell from the Legionaries of Christ
- Sr. Carol Marie from the Nashville Dominicans
- Sr. Andre Marie from the Schoenstatt Sisters
- Sr. Michael Teresa from the Little Sisters of the Poor
- Sr. Aster Solomon from the Comboni Missionaries

Please continue promoting vocations in your home by praying the daily Family Rosary and attending Mass each Sunday. Thank you for your help in this important matter!

Sincerely in Jesus and Mary,

Linda Andrejek

- ☐ Head Start (income qualified customers only)
- ☐ National School Lunch Program (free lunch program only)

2 I understand that if I voluntarily elect toll restriction, it will block long distance, collect and third party calling and Cox will waive any applicable disposal. I also understand that if I cancel toll restriction Cox will require payment of the previously waived deposit.

- ☐ I voluntarily elect to I restriction
- ☐ I DO NOT wish to have toll restriction.

3. By signing below I also certify that:

- The telephone service for which I am requesting Enhanced Lifeline is in my name.
- I am not listed as a dependent on another person's income tax return (unless over the age of 65).
- The address listed above is my primary residence, not a second home or business, and is located on tribal or former tribal land. All Oklahoma counties are considered tribal land, except Beaver, parts of Beckham, Cimarron, Texas, Harmon, Jackson and Tillman counties.
- I certify that I do not receive a Lifeline discount from any other carrier (landline or wireless provider), and that I can only receive one Lifeline discount on one phone line.
- If Cox will be installing Enhanced Lifeline service at this address, I certify that I have never received a discount to install Enhanced Lifeline at the address from Cox or any other telephone service provider.

If in the future I no longer participate in at least one of the programs listed in step 1 above, or circumstances in step 3 above change, I will promptly notify Cox.

In 12 months, I will need to re-certify my participation in one of the programs listed in step 1 above.

I affirm under penalty of perjury that the foregoing representations are true. (We'll not process without a signature.)

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX: You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes

To get started:

1. Connect a phone line to your computer

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar

SCAN: After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan.**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar

Fax

rom Wikipedia, the free encyclopedia

A Samsung fax machine

ax (short for **facsimile**), sometimes called **telecopying**, is the elephone transmission of scanned printed material (both text and mages) normally to a telephone number connected to a printer or ther output device. The original document is scanned with a **fax machine** (or a **telecopier**), which processes the contents (text or mages) as a single fixed graphic image, converting it into a bitmap, nd then transmitting it through the telephone system. The receiving ax machine reconverts the coded image, printing a paper copy.[1] efore digital technology became widespread, for many decades, the canned data was transmitted as analog.

Although businesses usually maintain some kind of fax capability he technology has faced increasing competition from Internet-based lternatives. Fax machines still retain some advantages, particularly n the transmission of sensitive material which, if sent over the nternet unencrypted, may be vulnerable to interception, without the need for telephone tapping. In some countries because electronic signatures on contracts are not recognized by law while faxed contracts with copies of signatures are, fax machines enjoy continuing support in business.[*citation needed*]

n many corporate environments, standalone fax machines have been replaced by "fax servers" and other computerized ystems capable of receiving and storing incoming faxes electronically, and then routing them to users on paper or via an mail (which may be secured). Such systems have the advantage of reducing costs by eliminating unnecessary printouts nd reducing the number of inbound analog phone lines needed by an office.

Rysunki

I zdecydowanie tymi tańsze w reklamie są jest do rysunku (wtedy otrzymujemy je do wyrobienia) od klienta) z bardzo rekomendujemy. Rysunki wyróżniają reklamę spośród innych, nadają jej atrakcyjny wygląd. pozwalają je lepiej ze sobą reklamy są zawsze firmy pomimo i nawet pewnej na trudel. Przez rysunki reklamowy grafiki, rysunek połączony na styl nowoczesny i format, składa się z wyłącznie z czarnych kresek.

Rewers

W celu wyróżnienia reklamy wśród innych stronie ale tzw. rewers, czyli biały biorę strukturalne na czarnym tle. Opłata za każdą jednostkę w rewersie odpowiada powierzchnia reklamy z jednostkę.

Fotografie

Rekomendujemy umieszczanie fotografii tylko w dużych reklamach. Przesyłamy w wersyjnym formacie fotografii i wartości z reklamą, w celu sprawdzenia możliwości umieszczenia go w reklamie.

Kolor

Istnieje możliwość dodania do reklamy jednego dodatkowego koloru. Opłata za kolor odpowiada powierzchnia reklamy z 2 jednostki. Wszelkie dopłaty za kolor, rewers, inne opłaty specjalne dodaną się.

Cennik ważny od 11 marca 2013 roku. Przedstawione „ceny są wiążące przy jednym opłaceniu reklamy z góry. Zastrzegamy możliwość zmian bez uprzedzenia. Przed wydaniem reklamy prosimy o telefoniczne sprawdzenie aktualności cennika.

IT DEPARTMENT

Terence Kemp McKenna (November 16, 1946 – April 3, 2000) was an American ethnobotanist, mystic, psychonaut, lecturer, and author who spoke and wrote about a variety of subjects, including psychedelic drugs, plant-based entheogens, shamanism, metaphysics, alchemy, language, philosophy, culture, technology, and the theoretical origins of human consciousness. He was called the "Timothy Leary of the '90s" [1][2] "one of the leading authorities on the ontological foundations of shamanism" [3] and the "intellectual voice of rave culture".[4]

McKenna formulated a concept about the nature of time based on fractal patterns he claimed to have discovered in the *I Ching*, which he called novelty theory.[3][5] proposing this predicted the end of time in the year 2012.[5][6][7][8] His promotion of novelty theory and its connection to the Mayan calendar is credited as one of the factors leading to the widespread beliefs about 2012 eschatology.[9] Novelty theory is considered pseudoscience.[10][11]

Early life

Terence McKenna was born and raised in Paonia, Colorado.[5][12][13] with Irish ancestry on his father's side of the family.[14]

McKenna developed a hobby of fossil-hunting in his youth and from this he acquired a deep scientific appreciation of nature.[15] He also became interested in psychology at a young age, reading Carl Jung's book *Psychology and Alchemy* at the age of 10.[6]

At age 16 McKenna moved to Los Altos, California to live with family friends for a year. He finished high school in Lancaster, California.[13] In 1963 he was introduced to the literary world of psychedelics through *The Doors of Perception* and *Heaven and Hell* by Aldous Huxley and certain issues of *The Village Voice* that talked about psychedelics.[13][13]

McKenna said that one of his early psychedelic experiences with morning glory seeds showed him "that there was something there worth pursuing",[13] and in interviews he claimed to have smoked cannabis daily since his teens.[16]

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes

To get started:

1. Connect a phone line to your computer

   If your computer needs an external modem, connect the phone to the modem and then connect the modem to your computer

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem and then, when you're finished, create your fax

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar

Tips & Tricks

Know The Lingo

Abbreviations for phrases and jargon reduce the amount of typing you need to do when chatting via instant messenger or text messages. Here are some of the most common abbreviations.

AFK

Stands for "away from keyboard" to let someone know you're not in front of your computer right now.

AFAIK

Short for "as far as I know," to indicate that the comment is true to the best of your knowledge.

BRB or BBB

Use these abbreviations to let the recipient know that you'll be away for a short while with BRAB (be back in a bit) or BBS (be right back).

GJ

This abbreviation of "good job" is a quick way to tell someone he did well.

IDK

Short for "I don't know," and used when you are unable to answer a question or query.

IMHO

Demonstrate some modesty before a statement by saying "in my humble opinion."

IK

Abbreviation of "just kidding," and tells the recipient that you were just joking around.

K

This shorthand indicates that the message has been acknowledged.

L8R or TTYL

The first is shorthand for "later" or "see you later" when saying goodbye, or if you plan on communicating in a bit, you can use TTYL (talk to you later)

LOL

Let your chat buddy know his comment was funny enough to make you "laugh out loud."

NVM

Short for "never mind," which tells the recipient to disregard the last comment.

PLZ

When asking for help, it's always nice to say "please."

SFSG

Let your recipient know that everything is OK thus far by saying "so far, so good."

TBH

You can let someone know you are serious about a statement by leading with TBH, as "to be honest."

TYVM

This is an abbreviation for "thank you very much."

Abbreviating long phrases helps reduce the amount of typing you do.

There are a number of abbreviations for letting people know when and if you'll be around.

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO. field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file;
many other file types (PDF, XLS, PS, RTF, etc) are supported

Information regarding Interpage's fax services may be found at:

http://interpage.net/faxing - Interpage Fax Services Overview
http://interpage.net/outfax - Interpage OutFax send fax service
http://interpage.net/secure - Interpage OutFax Secure service
http://interpage.net/faxup - Interpage FaxUp fax receive service

..or contact us with questions about Interpage's fax services at:

Phone: +1 (650) 331-3900 9AM to 5:30 PM M-F Pacific Time

E-Mail: tnsl-support@interpage.net

Web: http://interpage.net

Thank you for your interest!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages, only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the enclosed form on page 3 and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-3750 for additional details.

2. This fax is not a solicitation nor is it an offer. It was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however. If you find that someone is sending you faxes in a continuous and abusive manner please call us at (510) 315-3750 and we will block your fax number from the FreeFax service.

Other Interpage Free service trials

Does your voicemail call you?

Interpage VoiceMail will alert you before and after a caller leaves a message, send a WAV audio file of received messages to your phone or e-mail, and even call you and play the received message at one or more telephone numbers! for details, visit **interpage.net/voicemail**

Multiply the value of your old pager!

Like having a pager but need to receive messages on your cellphone or email as well? Want to have the same functionality as a pager on your cellphone without having to give out your cellphone number? Would you like to schedule and filter received pages and emails to multiple cellphones, pagers, and email accounts? Try Interpage's DirectPage service! For details, visit: **interpage.net/direct**

Know for sure that urgent alerts are received!

OutVoice text to speech and WAV file telephone dialout/broadcast verbally notifies landlines and cellphones, and can prompt the recipient to confirm receipt so senders can be certain that alerts are received! For details, visit: **interpage.net/outvoice**

TRAEGER

BBQ Burgers Fit For A Kaiser (Roll) RECIPE

INGREDIENTS

- 2 pounds ground chuck, 80/20 or 85/15 (lean to fat ratio)
- 1 cup grated Parmigiano Reggiano (see note)
- 2 teaspoons Traeger Beef Rub, or substitute your favorite barbecue rub
- 1 cup mayonnaise (preferably Hellmann's)
- 1/4 cup Traeger Barbecue Sauce
- 3 tablespoons butter, melted
- 4 kaiser rolls, split
- Lettuce leaves
- Sweet onion slices
- Tomato slices
- Dill pickle chips

PREPARATION

Make sure the meat is well-chilled before handling. Combine the ground beef, cheese, and beef rub in a medium bowl. Wet your hands with cold water and mix gently. Divide the meat into four equal portions. Rewet your hands with cold water and form each portion into a patty about 4 inches in diameter and 3/4-inch thick. (Try not to overwork the meat.) Using your thumbs, make a shallow wide depression on the top of each burger.

Combine the mayonnaise and the barbecue sauce in a shallow bowl and refrigerate until serving time.

Brush the cut sides of the kaiser rolls with the melted butter.

When ready to cook, start the Traeger grill on Smoke with the lid open until the fire is established (4 to 5 minutes). Set the temperature to 425 degrees F and preheat, lid closed, for 10 to 15 minutes.

Arrange the burgers directly on the grill grate, depression-side down. Cook for 5 minutes, then flip. Cook for 5 to 10 minutes more, or until an instant-read meat thermometer (put the probe through the side of the burger) registers 160 degrees F.

Meanwhile, lightly toast the buns, cut sides down. Watch carefully as buttered bread can easily burn.

Spread the cut sides of the buns with the mayonnaise sauce. Put a burger on each bun bottom, and top with lettuce, onion, tomato, and pickle. Finish with the top of the bun. Serve immediately.

Note: Feel free to substitute another good melting cheese for the Parmigiano-Reggiano such as gouda, Monterey jack, pepper jack, Cheddar, Romano,

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1 888-877 1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Bishop of Trenton

2) 將放大鏡燈放於水平桌面上。
3) 將規格插入電源插座
4) 打開控制上方的ON/OFF開關
5) 將燈頭移至正確使用的位置

3.更換燈管
1) 在更換燈管之前一將燈關閉，並從出牆插座拔出電源線，讓燈管冷卻
2) 旋轉頭部以使你就能看到燈座。使用適當的螺絲起子去除用於燈座的五個小螺絲。
3) 安全地將燈罩移至旁邊
4) 從頭部移除燈管，並小心地除去4腳插頭連接器。丟棄舊燈管
5) 將新的燈管將上端推壓直至完全裝妥。
6) 定位新燈管入新的管座，換裝4腳插頭並鎖緊5個螺絲以固定燈管在適當位置

4.安全指導
1) 室內使用
2) 環境溫度: -20℃~40℃
3) 濕度: 小於等於85%
4) 除非你是合格的電工師傅，否則不要拆解放大鏡燈！
5) 當放大鏡燈維修時，電源必須插頭拔離插座！
6) 避免不要將鏡片置於日光或其他光源直射的地方，會導致火災發生

The House of Delegates has passed legislation to grade our schools with an A through F grading scale, because our schools should be evaluated in a way that is simple, transparent and easy for parents to understand. We also passed a bill that creates a strategic compensation grant to motivate our local school leaders can reward teachers who go the extra mile for our children. We voted to establish the Opportunity Educational Institution, an organization to help turn around failing schools in other parts of the state. These are very innovative and forward thinking, education reforms that will improve our schools and better prepare our children for the jobs of the 21st century.

For many of my constituents, transportation is a key issue. We have a broken transportation funding problem. We don't have enough money to maintain our roads, so we have to take money from construction funds. This year, Governor McDonnell and I had put a plan that would invest $3.1 billion in transportation over the next five years. I was in the drug, problem and defeated over $800 million in new construction. I introduced this legislation House Bill 2313 into the House of Delegates.

The House passed this plan three weeks. The Senate, however, failed to pass a plan. I am hopeful we will still be able to address transportation this year. It is an important issue that needs our attention. I am proud the House of Delegates had the courage to pass such a bold plan, and I urge my Senate colleagues to do the same.

Over the past several years, we have made state government smarter and more effective by enacting needed reforms and cost-saving measures. We have continued those efforts this year. We have proposed a responsible and conservative state budget that makes targeted investments in economic development, K-12 education, school safety and the health care safety net. Our budget saves $95 million for the many dry funds, and puts $45 million toward ending "local aid reversions" – a policy that required local governments to write checks back to the state at the end of the year. The House of Delegates has taken a common-sense approach to governance that has made our state government smarter.

We have an exciting final two weeks ahead in Richmond. It is an honor to represent you and to serve the people of Virginia as Speaker of this distinguished body. Please do not hesitate to contact me if I can assist you in any way.

G—Elective deferral and employer contributions (including nonelective deferrals) to a section 457(b) deferred compensation plan

H—Elective deferrals to a section 501(c)(18)(D) tax-exempt organization plan. See "Adjusted Gross Income" in the Form 1040 instructions for how to report.

J—Nontaxable sick pay (information only, not included in Social 1, 3, or 5)

K—20% excise tax on excess golden parachute payments. See "Total Tax" in the Form 1040 instructions

L—Substantiated employee business expense reimbursements (nontaxable)

M—Uncollected social security or RRTA tax on taxable cost of group-term life insurance over $50,000 (former employees only). See "Total Tax" in the Form 1040 instructions

N—Uncollected Medicare tax on taxable cost of group-term life insurance over $50,000 (former employees only). See "Total Tax" in the Form 1040 instructions.

P—Excludable moving expense reimbursements paid directly to employee (not deferred in boxes 1, 3, or 5)

Q—Nontaxable combat pay. See the instructions for Form 1040 or Form 1040A for details on reporting this amount.

R—Employer contributions to your Archer MSA. Report on Form 8853, Archer MSAs and Long-Term Care Insurance Contracts.

S—Employee salary reduction contributions under a section 408(p) SIMPLE (not included in box 1)

T—Adoption benefits (not included in box 1). Complete Form 8839, Qualified Adoption Expenses, to compute any taxable and nontaxable amounts.

V—Income from exercise of nonstatutory stock option(s) (included in boxes 1, 3 (up to social security wage base), and 5). See Pub. 525 and instructions for Schedule D (Form 1040) for reporting requirements.

W—Employer contributions (including amounts the employee elected to contribute using a section 125 (cafeteria) plan) to your Health Savings Account. Report on Form 8889, Health Savings Accounts (HSAs).

Y—Deferrals under a section 409A nonqualified deferred compensation plan

Z—Income under section 409A on a nonqualified deferred compensation plan. This amount is also included in box 1. It is subject to an additional 20% tax plus interest. See "Total Tax" in the Form 1040 instructions.

Part II Certification

To avoid backup withholding, you must certify that you are a U.S. person, or resident alien, sign Form W-9. You may be instructed to sign by the withholding agent even if items 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is entered in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code* earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. **Interest, dividends, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must provide your name and TIN, but you do not have to sign the certification.

2. **Interest, dividends, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely furnishing your correct TIN, you should sign (and you must initial out item 2 in the instructions before signing) the form.

3. **Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.

4. **Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for wellare, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. **Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under reports 529), ABA, Coverdell ESA, earned IRAA or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of business:	Give name and SSN of:
1 Individual	The individual
2. Two or more individuals (joint account)	The individual or the individual that the account is opened in the name of the entity (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see *Special rule for partnerships or joint ventures*.
3. Custodian account of a minor (Uniform Gifts to Minors Act)	The minor[2]
4. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee
b. So-called trust account that is not a legal or valid trust under state law	The actual owner
5. Sole proprietorship or disregarded entity owned by an individual	The owner[3]
6. Grantor trust filing under Optional Form 1099 Filing Method 1 (see *Regulations* section 1.671–4(b)(2)(i)(A))	The grantor[4]
For this type of business:	**Give name and EIN of:**
7. Disregarded entity not owned by an individual	The owner
8. A valid trust, estate or pension trust	Legal entity[4]
9. Corporation or LLC electing corporate status on Form 8832 or Form 2553	The corporation
10. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
11. Partnership or multi-member LLC	The partnership
12. A broker or registered nominee	The broker or nominee
13. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity
14. Grantor trust filing under the Form 1041 Filing Method or the Optional Form 1099 Filing Method 2 (see *Regulations* section 1.671–4(b)(2)(i)(B))	The trust

List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, the person's number must be furnished.

[2] Circle the minor's name and furnish the minor's SSN.

[3] You must show your individual name and you may also enter your business or DBA name on the "Business name/disregarded entity" name line. You may also enter your business or DBA name on the "Name" line. Do not use the business name or EIN on the line for the individual's name and SSN.

[4] List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see *Special rule for partnerships or joint ventures*.

[5] Note. Grantor also must provide a Form W-9 to trustee of trust.

Note. If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be alert when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or visit www.irs.gov/IdentityTheft.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a personal problem, or are seeking help in resolving tax problems that have not been resolved through normal channels may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the intentional use of email and websites designed to mislead or deceive potential business and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can report suspicious emails to the Federal Trade Commission at spam@uce.gov or contact them at www.ftc.gov/idtheft or 1-877-IDTHEFT (1-877-438-4338).

Visit IRS.gov to learn more about identity theft and how to protect your data.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN regardless of whether you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

MNL Guarantee, Ultimate® 10 Year

Multi-Year Guaranteed Annuity with Market Value Adjustment
Single Premium Deferred Annuity
Non-Qualified Contract

Annuitant Name:
Annuitant Gender: Male
Annuitant Age:
State: CA

Illustration Date: 12/2/14
Premium Amount: $200,000.00
Guaranteed 10 Year Interest Rate: 3.00%
Guaranteed Minimum Interest Rate at Renewal: 1.00%

This table details the declining charges by the options chosen.

Contract Period Year	1	2	3	4	5	6	7	8	9	10
Surrender Charge Percent	10.00%	10.00%	9.00%	8.00%	8.00%	8.00%	7.00%	7.00%	6.00%	0.00%

MARKET VALUE ADJUSTMENT: The Market Value Adjustment or MVA for this contract is defined as the Single Premium Deferred Annuity Contract Market Value Adjustment. The MVA is a positive or negative adjustment to the Market Value. Any amount withdrawn or transferred from your contract value, including withdrawals to pay charges, may be subject to the MVA.

PENALTY-FREE WITHDRAWALS: Generally free withdrawal (also known as a Penalty-Free Partial Surrender) is equal to interest earned during the current contract year. Think of it as 10% of your premium, less any earnings taken during the year. Withdrawals in excess of this amount may be subject to a Market Value Adjustment. By current Company practice this interest will be credited on the 30th day after your contract is issued and on each anniversary thereafter. Penalty-free withdrawals are not available in the first year. Subject to state law, a portion of Market Value Adjustment may apply. Required Minimum Distributions are exempt from penalty. Penalty-free withdrawals will be applied by current Company practice.

DEATH BENEFIT: The Death Benefit is equal to the Accumulation Value as of the date of death, and is paid to your beneficiary.

NURSING HOME WAIVER: After the end of your 1st contract year, should the annuitant become confined to a qualified nursing home facility for at least 90 consecutive days, the penalty-free withdrawal amount is increased by 10% of the Accumulation Value as of the most recent contract anniversary. This waiver is only available for annuitants 75 and younger at the time of issue, may not be elected on your annuity after the initial contract date, and is not available in all states.

30 DAY WINDOW FOR RENEWALS: At the end of each contract year, you will have a 30 day window during which you may withdraw your money without penalty. During this window, you may take a full surrender of the contract value without a Market Value Adjustment or surrender charge. If you do not withdraw funds after the 30 days, the Company will automatically renew your annuity for a new 10 year Guarantee Period. Upon renewal, the Company will declare a new interest rate for the new Guarantee Period. Please see the Prospectus for more information. Any Market Value Adjustment will be applied.

ANNUITY PAYOUT OPTIONS

Your annuity contract includes many options for receiving payments from your annuity after the Guarantee Period ends. You can select an annuity payout option from one of the options listed below. Please see the Prospectus for more information. Please note that Income Payments are fixed, not variable.

Here are the basic terms for an example of a 10 Year Period Certain Payout.

Authorization to Share Personal Information

I am requesting United HealthCare Services, Inc. (UHS), on behalf of itself and related companies, to release my personal health information, including medical claim and benefit records,

to [illegible]
(Recipient's name – please print)

These records may have information on specific treatment or services I have received. These records may have also been created by others. This Authorization to Share Personal Information Form allows United HealthCare Services Inc. (UHS) on behalf of itself and related companies to release, use or receive my personal health information to the person you select. The Health Insurance Portability and Accountability Act (HIPAA) requires us to get your permission before we release your information.

SECTION 1: Member Information

Member Name (please print)

Member ID Number

Permanent Address (City, State, Zip Code)

Telephone Number

E-mail Address (optional)

SECTION 2: Expiration and Revocation

I understand that:

1) This authorization expires on my last day as a member of the plan or until UHS receives my written request to end this authorization.
2) I may end this authorization at any time. I must do so in writing. I must send my written request to the health plan. I can find plan contact information in my Evidence of Coverage. If UHS has already released any of my personal health information before it receives my written request, my request will not cancel out any requests for information made prior to receiving the written request.
3) This permission is voluntary. I may refuse to sign this form. If I refuse, it will not affect my health benefits.
4) Once health information about me has been given out, it could be redisclosed and may not be protected by federal privacy laws.

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

When set to NOAA Alert power, it shows things intermittently.

E) Reading Lamp and Flashlight

1. Using the reading lamp

On bottom side of the solar panel is a 5-LED Reading Lamp.
The lamp will rotate 180 degrees allowing you to fill it to one of many desired positions. Use the Light Control Panel on top of the unit, set the light to ON in order to turn on the lamp.

To turn off the reading lamp, set the light control to OFF

2. Using the flashlight

The LED flashlight is built into the side of the unit above the swing-knob. To use the flashlight, set the Lights Control switch to ◀ to turn on the flashlight, and set Lights Control to OFF

3. Using the SOS light

In a emergency you can turn on the flashing red SOS light by setting the Lights Control switch to ◀◀ to turn it off, set the switch to OFF

Difference Between Quality Assurance And Quality Control

The summary of discussions at QualityCurve.com

February 2011

What is the difference between Quality Assurance and Quality Control?

ISO 9000 Definitions [1]

- **Quality Control** – "A part of quality management focused on fulfilling quality requirements."
- **Quality Assurance** – "A part of quality management focused on providing confidence that quality requirements will be fulfilled."

Other Definitions [2]

- **Quality Assurance** is defined as "All the planned and systematic activities implemented within the quality system that can be demonstrated to provide confidence that a product or service will fulfill requirements for quality."
- **Quality Control** is defined as "The operational techniques and activities used to fulfill requirements for quality."

- **Quality Assurance** is fundamentally focused on planning and documenting those processes to assure quality including things such as quality plans and inspection and test plans.
- **Quality Control** on the other hand is the physical verification that the product conforms to these planned arrangements by inspection, measurement etc.

Every body doing his best is not the answer. It is first necessary that people know what to do. – Out of the Crisis, W.Edwards Deming

- **Quality Assurance** is a system for evaluating performance, service, of the quality of a product against a system, standard or specified requirement for customers.

[1] ISO 9000:2005 Quality Management Systems Fundamentals and Vocabulary
http://www.qualitysystemsconsultants.com/modules/mastertitle/index.php?id=1567

- **Quality Control** is the process involved within the system to ensure job management competence and performance during the manufacturing of the the product or service to ensure it meets the quality plan as designed.

- **Quality Control**
  - What. The activities or techniques used to achieve and maintain the product quality process and service.
  - How. Finding & eliminating causes of quality problems through tools & equipment so that customer's requirements are continually met
- **Quality Assurance**
  - What. Prevention of quality problems through planned and systematic activities including documentation.
  - How. Establish a good quality management system and the assessment of it's adequacy & conformance and of the operation system & the review of the system itself

- **Quality Control** just measures and determines the quality level of products or services. It is a process itself
- **Quality Assurance** is a complete system to assure the quality of products or services. It is not only a process, but a complete system including also control. It is a way of management.

Auto Provisioning

The auto provisioning Websites, will very digitly password, on account you are using a Polycom purchased from the WorldSmart Websites, or whether you have addresses the phone addresses The WorldSmart Websites, make give you all the necessary information to help you delete the New IP phone, for your phone, and and you order your IP phones online, is available on the home page of your WorldSmart Administrator dashboard from the following link.

Auto configuration of your IP phones using the WorldSmart Provisioning server is also possible for IP phones that your already have bought from addresses. However, in the case you will need to make a few changes to the configuration of your IP phone, so that it becomes compatible with the WorldSmart Provisioning Server

The following section explains the addresses for configuring your Polycom for WorldSmart using the Provisioning Server. The account phone, by Websites, the above required in case you have not addresses your phone at the WorldSmart Websites. If your have purchased the IP phone, of the WorldSmart Websites, you will need to skip make initial steps and go on to the make configuration of the IP phone using the WorldSmart Provisioning Server

Note: phone 1 and 2 are required only if you have addresses your Polycom from WorldSmart Inital from the WorldSmart Websites.

Step 1

- make the Menu button on your phone,
- phone, Settings,
- phone, addresses and enter 456 as the Websites.
- Go to Admin Settings.
- Server address Configuration.
- Select the server menu

This will take you to the ftp configuration section of the Polycom

Step 2

- Enter poly as the ftp user name and 456 as the password.
- Enter ftp.mydial.com as the server name
- Then will have that section and New account configuration menu
- Select the save config option.
- This will delete the Polycom.

Dashboard

Each IP phone comes with a unique MAC address (usually a WorldSmart of address and phone) typically found on the Websites, of the phone. A MAC address is a unique WorldSmart account that all IP phones have

As the WorldSmart Account Administrator you can conveniently configure IP phones for all WorldSmart users in your organization from your Administrator WorldSmart For this, you need:

- MAC addresses of all phones in use in your organization, and
- location and WorldSmart usernames of all phones who will use IP phones

If you are using many IP phones with WorldSmart, it will be good idea to address a spreadsheet that lists all MAC addresses and the make and model of the IP phone, to which each MAC address belongs. Your spreadsheet could look like this:

MAC Address	Phone Model	Phone Number	Line	Phone Location	Line Label
Polycom	321	0004f2018c4c	3	4085551234@sip.com	1
				4085551235@sip.com	2
				4085551236@sip.com	3
Yealink	T20	001565045648	12	4085551234@sip.com	1
				4085551235@sip.com	2

This will let you immediately keep track of all IP location in your organization and check make sure are in use, and which need will accommodate new users, etc.

Once you have such a list ready, then your Administrator addresses you need to add each MAC address and corresponding phone make and model details to your phone provisioning pages.

To configure your phone from your Administrator dashboard, click the Phone Provisioning link from the make page. This displays the screen shown phone,

THE CREDIT CARD ACT AND YOUR ACCOUNT

Officially known as the Credit Card Accountability Responsibility and Disclosure Act the CARD Act was signed into law in May 2009. This new law changes several provisions of your account, here are some main points:

Our new statement format spells out in greater detail and larger type size all you need to know about your credit card account including detail about repayment options.

Starting in February payments will be due on the same day each month making it easier for you to plan and budget. If you choose to pay more than your monthly minimum amount due your extra payment will be applied to the balances with the highest APR first - a great way to reduce what you owe.

The interest rate on **existing balances** will generally only be increased if your promotional rate expires your account has a variable APR and the Prime Rate changes, or you are more than 60 days late in making a payment on your account (if the latter is the case we will notify you 45 days before your rate is scheduled to increase). And unless any of the prior situations occur your interest rate on **new balances** will not be increased for the first 12 months that you have your account.

Should you have any additional questions please log in to your account online at mecustomercard.com or call 1-866-663-6536.

We want to thank you for your business and we look forward to continuing to meet your credit needs.

Hi Jan

I named and filed almost all of the pictures that were downloaded in the pictures folder I wasn't able to print the pictures because I could not find the pages that were scanned into paper port. I logged onto the back computer and opened Paper Port, but only found 1 document. I'm thinking the path book was scanned into Paper Port, but into the wrong account on the back computer The only account I have access to on the back computer is the Del Mar Dermatology account.

I'm sure we'll figure it out.

Talk to you soon!
